MISSION

At Almions, our mission is to develop and deliver innovative, eco-friendly solutions that address pressing challenges faced by humanity, while upholding our commitment to preserving the delicate balance of nature. We believe that through inspired creations, guided by divine wisdom, we can make a positive impact in the society.

We are dedicated to identifying and solving major problems that affect communities and individuals, with a strong emphasis on sustainability and ethical practices. Our solutions are designed to provide tangible benefits while minimizing harm to the environment and all living beings.

By harnessing the power of nature and leveraging our deep respect for its wisdom, we aim to develop a diverse range of products that contribute to a healthier, more harmonious world.

Our holistic approach ensures that our creations not only address immediate challenges but also contribute to the long-term well-being of humanity and the planet we call home.

VISION

To be a leading provider of eco-friendly and sustainable solutions that serve humanity while maintaining harmony with mother nature. We strive to be a catalyst for positive change, driven by the belief that our creations are guided by a higher power, inspiring innovation and contributing to a healthier and more harmonious world.

Science Behind the Technology

Our **Pioneering Natural Attractant Technology** is a game-changer in **Mosquito Control**. Unlike traditional repellent systems, which harm the environment and humans, our solution is odorless, biodegradable, and **highly effective**. Here's how it works:

1 Sweet Juices Lure Mosquitoes

- We blend **natural juices** and **herbal extracts** to create an **irresistible concoction**.
- The **sweet juices** act as a **powerful attractant**, drawing mosquitoes in.

2 Lethal Herbal Blends Take Effect

- As mosquitoes **feed on** the **juice**, they **ingest** a **lethal dose** of **herbal blends**.
- These blends **reduce** their **blood appetite** and eventually lead to their **demise**.

3 Long-Term Results

- Our **technology** continues to **work over an extended period**, reducing **treatment costs**.
- Say **goodbye** to **harmful chemicals** and **hello** to **Eco-Friendly Mosquito Control!**

What Sets Our Technology Apart

100% Natural

Odorless & Harmless

Biodegradable

Safe to Nature

Pocket Friendly

Collapses Mosquito Populations

Few Insights from 100+ Peer-Reviewed Studies

— Internationally Approved Studies & Proven Technology.

Below are Details of **Mosquito Reduction %** in the **Respective Country** with **Defined Application, Time of Reduction, Authors, Year and Journal** of Publication.

1 96.5% ↘

Arava Valley, Israel

In Sugar Rich and Poor Oasis

in 2 weeks.

-John C.Beier et al.,2012, Malaria Journal

2 97.1% ↘

Mar Saba Monastery, Israel

In Entrance of Cisterns in the building complexes in Judean Hills

in 2 weeks.

-Gunter C. Muller et al., 2008, Elsevier

3 91% ↘

South California, USA

In Laboratory trials in Coachella Valley

in Quick Time.

-Whitney A.Qualls et al.,2016,Journal of the American Mosquito Control Association

4 85% ↘

North Florida, USA

In the sub-urban and rural tire dump sites in St. Augustine

in 4 weeks.

-Edita E. Revay et al., 2013, Springer

5 85.5% ↘

North Florida, USA

In Drain Entrance and Exit openings connecting tubes of retention ponds

in 8 days.

-G.C. Muller et al.,2010,Medical and Veterinary Entomology

6 81% ↘

Porto Velho, Brazil

In laboratory of Federal University of Rondonia and outdoor settings

in 48 hours

-D.S. Barbosa et al., 2019, Tropical BioMedicine

7 **>90%** ↘

Mali, West Africa

On vegetation around ponds& rice,
paddy fields

in 30 days.

-Gunter C. Muller et al.,2010, Malaria
Journal

8 **97.1%** ↘

Machala, Ecuador

In Lab and Semi Field Trials

in 48 hours.

-Rachel Sippy et al., 2020, Parasites and
Vector Journal

9 **86.31%** ↘

Zhejiang, China

In Residential Environments consistently
over

5 months.

WHAT MADE US LAUNCH THIS?

Almions Innovations is a manifestation of **Divine Inspiration** and a commitment to serve both Humanity and **Mother Nature**. We firmly believe that our **Ideas and Innovations** are guided by a higher power, inspiring positive change in the world. Integrity, harmony, and respect form the **ComPass** that guide our journey.

Back in 2019, while enjoying a **Peaceful** meditative moment outdoors, we were suddenly bothered by annoying mosquito bites. Surprisingly, the other meditators beside us didn't seem bothered at all, which got us thinking: maybe they were secretly uncomfortable too? This moment sparked a brilliant idea: a **Simple, Ingenious Technology** to save countless lives from relentless mosquito attacks. This single idea, fueled by our belief that "**where Attention Goes, Energy Flows, and where Energy Flows, Matter Grows**" led us on a path to unlock the secrets of Mother Nature.

Join us in this journey, where we harness divine inspiration to create a **Mosquito Free Future**.
