

trusted since 1999

Exported to more than **17** Countries

A Leader in Personal Hygiene Products

About Us

TULIPS has been known worldwide for its highest quality standards in personal hygiene products.

All TULIPS products are produced at modern, GMP certified, state of the art manufacturing facilities, ensuring always the best for the consumers.

All products are dermatologically tested and are hygienically processed with regular tests done at NABL accredited laboratories to ensure proper safety.

Products are exported to more than 17 countries & at home, these are sold at more than 2,00,000 big & small sized retail outlets of India.

TULIPS is the industry leader & is the **first brand to introduce sustainable, 100% biodegradable cotton swabs in India** just by replacing the plastic stick with paper/ bamboo. We are also the **first to introduce 99% purified water based Baby Wet Wipes** which are 'India's lowest chemical content Wipes'.
